THE ETHICAL GUIDELINES TO BE FOLLOWED BY

THE PRINCIPAL INVESTIGATOR (P.I.)/ CO-INVESTIGATORS

- The rights and welfare of individual volunteers are adequately protected.
- The methods to secure informed consent are fully appropriate and adequately safeguard the rights of the subjects (in the case of minors, consent is obtained from parents or guardians).
- The investigator(s) assume the responsibility of notifying the Ethical Review Committee if there is any change in the methodology of the protocol involving a risk to the individual volunteers or termination of research.
- To immediately report to the Ethical Review Committee if any evidence of unexpected or adverse reaction is noted in the subjects under study.
- It is mandatory to let inform about the progress of research activities at six monthly interval and at the end of study .
- This protocol is ratified in accordance with Research Cell, RMC ethical principles and guidelines currently in operation which is based on BMRC Ethical Principles & Guidelines.
- Ethical approval is specific to this protocol / project.
